

Strategic Faculty Recruitments in Broad Areas of Diabetes Research at UAB

The University of Alabama at Birmingham

The University of Alabama at [Birmingham](#) (UAB) [Heersink School of Medicine](#) (Heersink SOM) and the [UAB Comprehensive Diabetes Center](#) (UCDC) are continuing the **recruitment of up to 10 investigators** for a major strategic portfolio increase across basic, translational, clinical, and population science research efforts in diabetes. Of note, one of the priority focus areas is **islet biology**.

This an open rank recruitment for faculty applicants with an MD, PhD or MD/PhD and includes academic appointment in one or more of 27 academic departments, many of which rank in the top 10 nationally in NIH funding. Successful candidates will join half a dozen recently recruited faculty as well as the rest of the highly collaborative 200 UCDC faculty members.
